I have been pleased to see our Grade 6 students wearing their graduation jumpers with pride over the past week. A very big thank you to our parents who helped raise money to cover the costs of these and have our senior student looking smart.

A whole school learning focus presently is maths. I have seen and heard some amazing mathematical thinking lately. This looks very different to the maths I did when I went through primary school. Ask your child’s teacher today about what maths activities are going on in the school.

Carly and Talicia are playing a maths game to improve counting on and place value skills.

Don’t miss our assembly this Friday with the Cosgrove Rock Band performing for us and principal Mr Michael Park will speak about scholarships for Grade 6 students.
